The acquisition
According to the Resolution of the Govt Council the acquisition is recommended on the ground that the land is necessary for the construction of the place and to make the compounds of the enclosed a rectangle The owner of the land objects to the land being taken away from him and wishes on the margin the new site may perhaps be considered whether the acquisition should be in order under the L A Act

The Department recommends in all preliminary expenses in connection with the action taken under Sec 17 for immediate possession these appear to be the special circumstances for the latter course in view of the objections it is desirable in all the final proceedings in view of objections decidedly, before finally acquiring.
